Skills

- HTML
- CSS
- JavaScript
- TypeScript
- React.js
- Next.js
- webpack
- Git
- GitHub
- Node.js
- SASS
- Express.js
- Redux toolkit

Education

Zero To Mastery Academy

Software engineering
2022

University of Ilorin

B.Sc, Botany/Plant Biology
2018 - 2022

Experience

Software Developer (Volunteer)

CUBESEED AFRICA, *Remote, Nigeria*

Apr 2023 - Present

- Transformed figma prototypes and to functional UI using React.js, using Redux for state management and Sass modules for styling.
- Collaborated with the design team to convert user stories into prototypes. This collaboration resulted in a significant improvement in the user experience, as evidenced by a 25% increase in user engagement with the product.
- Contributed to the implementation of Agile methodologies for the organization's website rebuild, resulting in a 30% increase in user engagement and a 20% decrease in page load times.

Frontend Developer

Dove Payments Gateway, *Remote, Ghana*

Sep 2022 - Present

- Converted a vanilla JavaScript and HTML codebase to Next.js and TypeScript, resulting in a significant improvement in website performance and maintainability. This was demonstrated by a 30% reduction in page load time and a 50% decrease in the number of bugs reported by users.
- Spearheaded debugging efforts to eliminate cross-browser issues, helped improve application functionality, and increased performance by optimizing page elements for faster loading times.
- Created reusable code libraries, reducing development time for future projects by 50% and improving the efficiency of the development team.
- Coordinating and maintaining the organization github's repositories. Reviewing all pull requests while performing code reviews and maintaining all 6 repositories.
- Integrated Node.js, Express, and Webpack into the codebase, resulting in a significant increase in performance and efficiency. This implementation also allowed for more scalable and maintainable code, resulting in a 50% reduction in development time for new features and bug fixes.

Frontend Developer Intern

Wusob Technologies Limited, *Remote, Nigeria*

Feb 2022 - Aug 2022

- Translated designs from Photoshop and Figma to clean, high-performance react code while ensuring that the UX and UI designs are maintained.
- Worked with 2 developers to build a unit testing infrastructure for a client web application, reducing the number of reported bug issues by 11% month over month.
